

DO YOU KNOW VIGIL-VET?

Vigil-Vet is a biosecurity assessment and management software made for dairy farms and intended for use by veterinary practitioners.

OFFERS DIFFERENT RISK ASSESSEMENT QUESTIONNAIRES, including the one required within proAction® biosecurity module. **With Vigil-Vet, helping dairy clients prepare for the proAction® Biosecurity Initiative has never been so easy.**

PROVIDES DECISION-MAKING SUPPORT

The software features a risk calculator and generates reports that will help with the decision-making process and **target which actions need to be prioritized.**

INCLUDES SOP DESIGN TOOLS that are simple to use, flexible and incredibly efficient!

SOPs that address a variety of topics, including treatment protocols, proAction® biosecurity and animal care modules. **In a few simple steps, you can create personalized, comprehensive and professional-looking SOPs.**

GIVES YOU ACCESS TO A WIDE RANGE OF KEY MATERIAL

In a few clicks, you can access posters, information sheets, register templates and other documents.

ENABLES EASY FOLLOW UPS, SIMPLE AND FAST UPDATES

A biosecurity plan should be regularly revised. It is essential when dealing with a health crisis or when planning major changes. Using Vigil-Vet has the advantage of giving you easy access to a farm's data, **all stored in an easily accessible electronic file.**

TUTORIAL

A 40 minutes Vigil-Vet tutorial is available on Youtube. It explains how to use Vigil-Vet, specifically during a biosecurity proAction visit. You will discover an easy and effective step-by-step approach toward a complete and farm-specific biosecurity plan. Here is the link: https://youtu.be/TURL80dt_K4

HOW DO I OBTAIN VIGIL-VET?

Go to vigil-vet.ca and register to receive your link to download the software which will include a **free demo herd**, or call our customer service (dsahr) at 1-844-767-9453 ext. 8
